Marlin Collier of MDOT phoned this morning offering to brief you on MDOT's preparation of the cost estimate of completing state highways in the Appalachian Regional Commission (ARC) corridor. According to Collier, this cost estimate is required to be prepared every two years. MDOT will be submitting its estimate in February. Your signature is required on the estimate. The department would like to brief you in January, prior to requesting your signature in February, on the cost estimate process.

Please advise as to whom you would like to participate in this briefing and I will make the arrangements with Shanta and MDOT. Thank you.
